

Hatboro-Horsham School District New Phone System Implementation Schedule

The Hatboro-Horsham School District is in the process of installing a new phone system. Below you will find a schedule identifying when the new phone system will be operational in each building. Prior to the implementation date please use the current phone numbers to contact the particular building. On the date of implementation you will need to use the new phone numbers. The main phone number for each building will remain the same however; the entire phone numbers for employees, specific administrative offices and fax machines have changed. A complete listing of the new phone numbers is available on the district website.

Monday, December 11, 2006
