

## QUICK TIPS FOR ACCESSING THE PrepMe PROGRAM

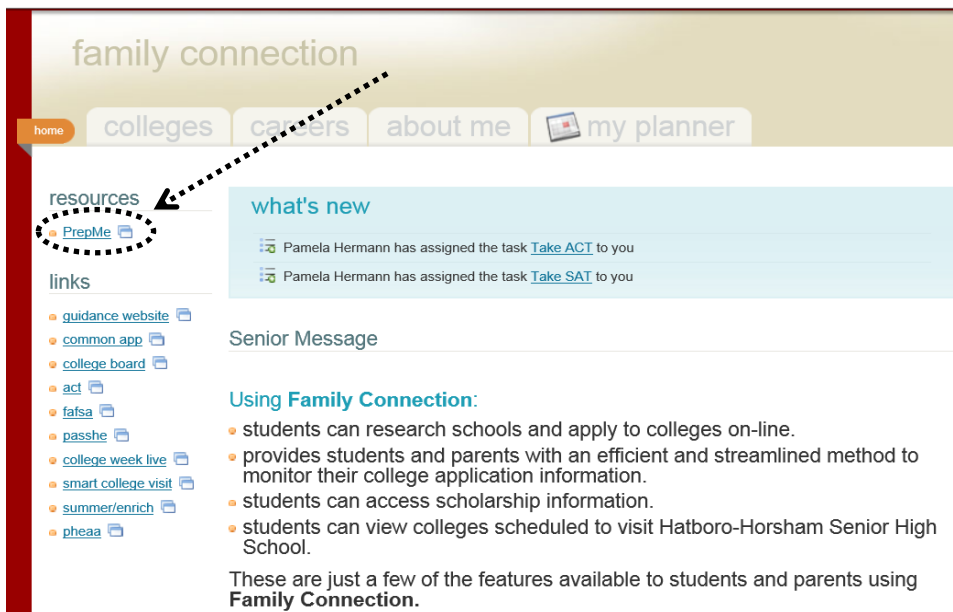

Step 1: Access the Naviance platform at [www.connections.naviance.com/hatborohhs](http://www.connections.naviance.com/hatborohhs). You can also find this link on the high school guidance web page.

Step 2: Enter your login and password

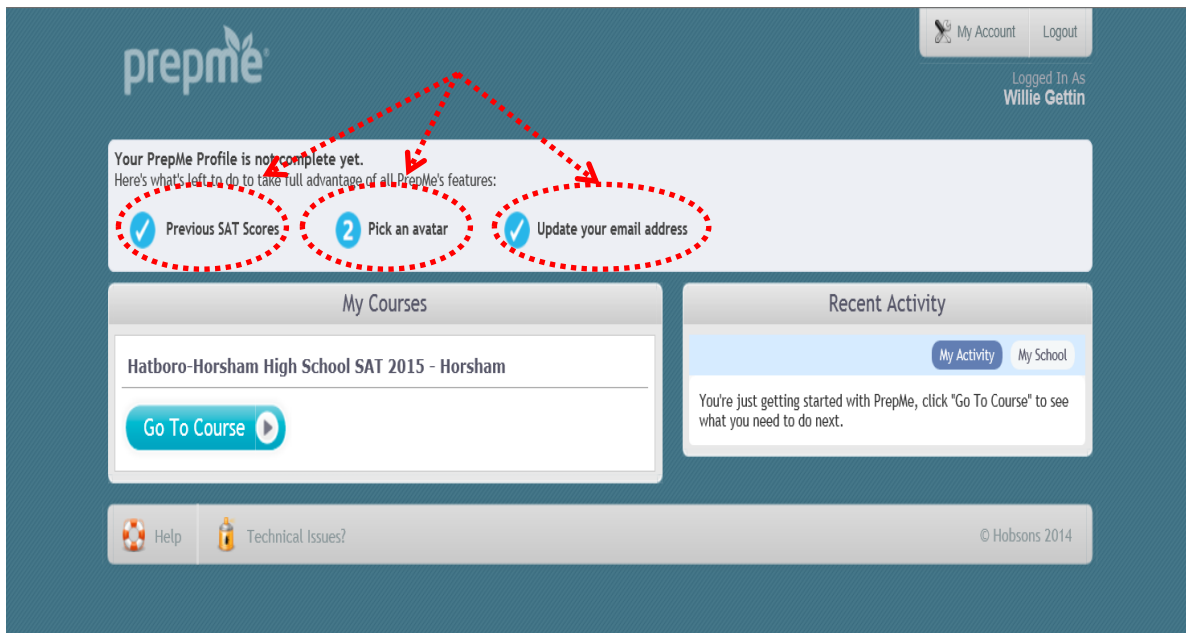

The screenshot shows a login page titled "Welcome to Family Connection". It includes a "Nice to see you again! Please log in." message. There are input fields for "e-mail" and "password", a "remember me" checkbox, and a "Log In" button. Below the login fields are links for "forgot your password?" and "need additional help?". On the right, a box asks "are you new here?" with links for "I'm a guest" and "I need to register". At the bottom left is the school logo, and at the bottom right is the school name and contact information: "Hatboro-Horsham High School", "899 Horsham Road", "Horsham PA 19044-1271", and "p: 215-420-5501".

Step 3: Choose the PrepMe link located under Resources on the top left corner of the page

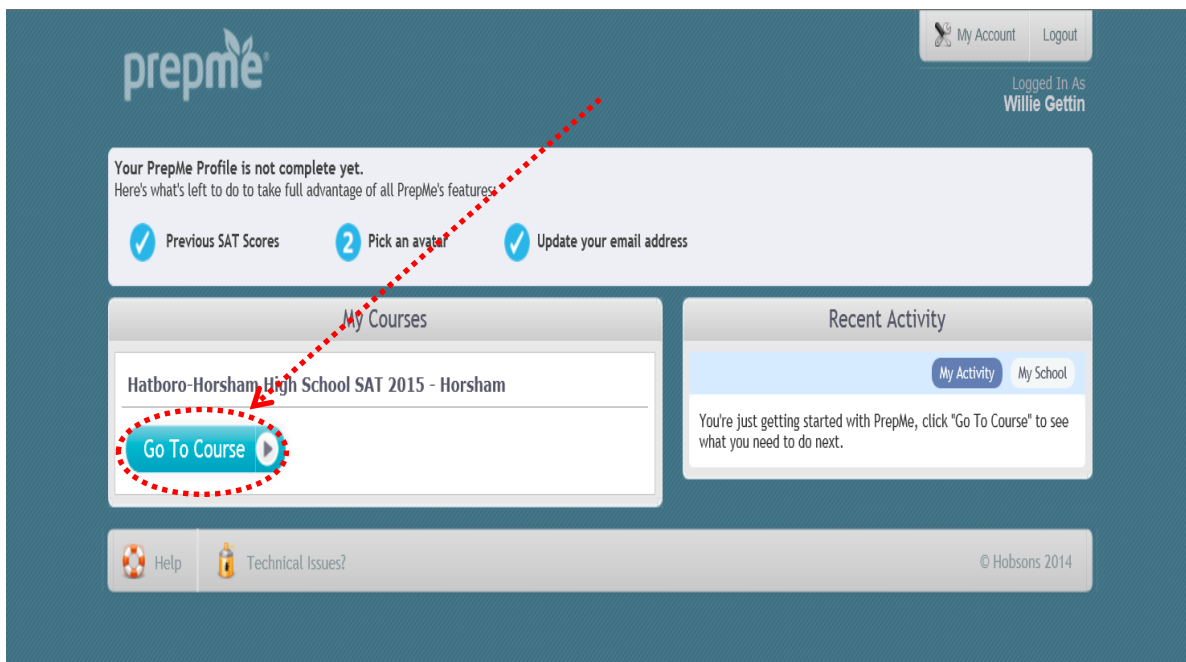

The screenshot shows the "family connection" website interface. At the top, there is a navigation bar with "home", "colleges", "careers", "about me", and "my planner". Below this, a "resources" section is highlighted with a dashed arrow pointing to the "PrepMe" link. Other links listed include "guidance website", "common app", "college board", "act", "fafsfa", "passhe", "college week live", "smart college visit", "summer/enrich", and "pheaa". To the right, a "what's new" section displays two messages from Pamela Hermann regarding "Take ACT" and "Take SAT" tasks. Below that is a "Senior Message" section with the heading "Using Family Connection:" and a list of features: students can research schools and apply to colleges on-line; provides students and parents with an efficient and streamlined method to monitor their college application information; students can access scholarship information; and students can view colleges scheduled to visit Hatboro-Horsham Senior High School. The page concludes with the text: "These are just a few of the features available to students and parents using Family Connection."

Step 4: Once you have completed the login procedure, you will have access to the PrepMe software package. Click on the various links to include information such as previous SAT scores, update information and students can even select an avatar.

Step 5: Click on the Go To Course button to begin the process.

Step 6: You will be officially ready to complete the diagnostic test and on your way to creating a personalized schedule for the SAT. You can also run reports on your progress.

The screenshot shows the 'prepme' website interface. At the top left is the 'prepme' logo. The navigation bar includes 'My Schedule', 'Reports', and 'Back Home' buttons. A red dashed circle highlights the 'Reports' button and the 'Diagnostic Test - Math', 'Diagnostic Test - Reading', and 'Diagnostic Test - Writing' links. A green box contains instructions: 'Please take the following diagnostic tests to get started. This first step will enable our system to create a personalized schedule that will maximize the efficiency of your test preparation. Please disable your pop-up blocker. The test will open in a new window.' The footer includes 'Help', 'Technical Issues?', and '© Hobsons 2014'.

**GOOD LUCK!**
