

## THE HEALTH EXAM YOU DON'T KNOW YOUR CHILD NEEDS

SUDDEN CARDIAC ARREST IS THE #1 KILLER OF STUDENT ATHLETES

Every 3 days, a young athlete in the United States dies suddenly from cardiac arrest

72% of parents who lost their child to sudden cardiac arrest said they didn't recognize the warning signs

A simple heart screening can detect underlying heart conditions—but is not part of your child's routine physicals

## PROTECT THIS HEART SCREENING

FREE heart screening for kids aged 12-19

**Saturday, November 3, 2018**

9:00 am to 2:00 pm

**Hatboro-Horsham High School**

899 Horsham Rd

Horsham, PA 19044

### HEART SCREENING INCLUDES

- Thorough medical and family history
- Physical exam
- Electrocardiogram (ECG)—about 10% of students will also receive an echocardiogram based on family history or an abnormal ECG

### HOW IT WORKS

- Choose a time that works for you
- Quick, simple, and painless
- You get your child's eyes and ears screened—their heart is important too

**Pre-registration is required  
and can be easily completed at  
[ProtectPhillyHearts.com](http://ProtectPhillyHearts.com)**
