

Hatboro-Horsham School District Elementary Progress Report

Content Taught and Assessed During Kindergarten, Trimester 1

This supplement is to help families connect student ratings on the progress report standards to the content being taught. Teachers sometimes alter the sequence of the curriculum during the year to meet specific classroom needs and they can address questions you may have in that regard.

English Language Arts	Mathematics
<p>Reading</p> <p>Hears and says beginning sounds</p> <ul style="list-style-type: none"> • Can isolate and pronounce initial, medial vowel and final sound in CVC words <p>Names upper- and lower-case letters</p> <p>Identifies letter-sound correspondence</p> <p>Understands concepts of print</p> <ul style="list-style-type: none"> • Demonstrates understanding of organization and basic features of print <p>Writing</p> <p>Uses letter sound correlation</p> <p>Uses sight words in writing</p>	<p>Counting and Cardinality</p> <p><i>Know number names and the count sequence</i></p> <ul style="list-style-type: none"> • Counts to 20 by ones • Counts forward to 10 starting with numbers other than 1 • Writes numerals 0–10 <p><i>Count to tell the number of objects</i></p> <ul style="list-style-type: none"> • Counts sets of objects accurately in the range of 1–10 • Can tell the number of objects counted in the range of 1–10 • Tells “how many” objects in the range of 1–10 without moving the objects <p><i>Compare numbers</i></p> <ul style="list-style-type: none"> • Compares sets of objects in the range of 1–10, and tells which set has more and which has less <p>Geometry</p> <p><i>Identify and describe 2 and 3 dimensional shapes</i></p> <ul style="list-style-type: none"> • Describes two-dimensional shapes (triangle, square, circle, rectangle, hexagon) by number of sides, number of corners, and so on • Names two-dimensional shapes (triangle, square, circle, rectangle, hexagon) in the environment <p><i>Analyze, compare, create, and compose 2 dimensional shapes</i></p> <ul style="list-style-type: none"> • Sorts two-dimensional shapes by attributes (number of sides/corners, sides are of equal length or different lengths, and so on) • Draws two-dimensional shapes (circle, square, triangle)
Science	Social Studies
<ul style="list-style-type: none"> • Observation of day-to-day changes in weather • Impact of weather on living things • Understanding what plants and animals need to survive • Relationships between animal and plant needs and where they live • Investigation of trees over the seasons • Monitoring weather to find patterns and variations • Understand the importance of weather forecasts to prepare for severe weather. 	<ul style="list-style-type: none"> • State ways to work together to facilitate cooperative learning. Identify similarities and differences about each other. • Understand the services that are needed to make a community work, name important people and places in a community, name ways to help in the community. • Learn to show respect and appreciation for American symbols, recite the Pledge of Allegiance, identify the current President of the United States, the American flag, and its characteristics.
