

Hatboro-Horsham School District Elementary Progress Report

Content Taught and Assessed During Grade 1, Trimester 2

This supplement is to help families connect student ratings on the progress report standards to the content being taught. Teachers sometimes alter the sequence of the curriculum during the year to meet specific classroom needs and they can address questions you may have in that regard.

English Language Arts	Mathematics
<p><u>Reading</u> Demonstrates phonemic/ decoding strategies</p> <ul style="list-style-type: none"> • Demonstrate understanding of spoken words, syllables and sounds • Apply grade level phonics and word analysis skills in decoding words • Demonstrates an understanding of the organization and basic features of print <p>Comprehends what is read</p> <ul style="list-style-type: none"> • Identifies key details, character, setting, events, plot, and problem-solution • Use text features to locate key facts in an information text • Ask and answer questions about key details, describe the connection between individuals, events, ideas, or pieces of information <p><u>Writing</u></p> <ul style="list-style-type: none"> • Focus/Organization - establishes purpose for writing and stays on topic • Content- provides relevant details to inform opinion writing • Conventions- capitalization, punctuation, grammar and spelling 	<p><u>Numbers & Operations in Base Ten</u></p> <ul style="list-style-type: none"> • Counts by ones and by tens to 120; reads and writes numbers to 120 • Understands that the two digits of a 2-digit number tell how many tens and ones are in the number • Compares pairs of 2-digit numbers using the symbols $>$, $=$, and $<$ • Adds 2-digit numbers that are multiples of 10, such as $30 + 40$ and $20 + 50$ • Finds 10 more or 10 less than various 2-digit numbers • Subtracts 2-digit numbers that are multiples of 10, such as $40 - 20$ and $60 - 30$ <p><u>Operations and Algebraic Thinking</u></p> <ul style="list-style-type: none"> • Solves addition and subtraction story problems to 14 • Solves subtraction combinations using related addition facts (e.g., $10 - 8 = 2$ because $8 + 2 = 10$) • Counts on to add and counts back to subtract • Develops strategies for adding to 20 and subtracting to 10 . Demonstrates fluency with addition and subtraction facts to 10 • Finds the unknown number in addition and subtraction equations <p><u>Geometry</u></p> <ul style="list-style-type: none"> • Identifies and describes 2- and 3-D shapes • Puts shapes together to make larger shapes • Divides circles and rectangles into two and four equal parts, and describes the parts using words like halves, half of, fourths, quarters, a fourth of
Science	Social Studies

- Understand specific properties of both rocks and soil.
- Identify the results of weathering and erosion.
- Demonstrate understanding of the representation of land and bodies of water on Earth.
