

SCHOOL DISTRICT OF HATBORO-HORSHAM – HUMAN RESOURCES DEPARTMENT

November 4, 2020

HHSD employees,

The PA Department of Health has advised that if you have traveled, or plan to travel, to an area where there are high amounts of COVID-19 cases, it is recommended that you stay at home for 14 days upon return to Pennsylvania. Please know that, if you elect to travel to states affected (please reference this link for a list of States www.health.pa.gov/topics/disease/coronavirus/Pages/...) you will be required to quarantine for 14 days upon return.

Also, the U.S. Department of State has issued Levels of warning for international travel. Please visit <https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories.html/> and if you are choosing to travel to a country which is a level 2-4, you will be asked to quarantine upon your return for 14 days.

We are aware that you may be planning vacations or visits with family out of state this upcoming holiday season. The District is leaving these choices up to you, but please be mindful of the impact your choice may have on your ability to return to on site work and our students. If you visit one of the states/countries on these lists, you will not be able to return to work while under quarantine. However, telecommuting where available may be an option.

While thinking of the health and safety of yourself and fellow co-workers, we trust you to self-disclose if you are affected by these travel restrictions. We greatly appreciate your cooperation and advance notice so we can plan accordingly.

Please reach out to our office with any questions 215-420-5016. Be well!

Christine Welsh

Director Human Resources
